

Reiki Course Descriptions and Schedule

Reiki is a holistic, heart centered practice for healing, inner peace and personal growth.

Classes are open to everyone, not just professional healers.

For professional healers, Reiki offers a chance to work deeply without becoming drained. Professional Continuing Education credits are available. (CEUs)

There are four levels to Reiki training: Foundation Level 1, Professional Level 2, Master Level 3, Teacher Level 4.

Please reach out if you are interested in a class but the date does not work for you. This is the Summer Schedule for 2020. The Late Summer and Fall schedules are being planned now!

Current classes are planned as 100% online or a hybrid with an optional in-person energy healing (with masks and physical distancing). The format for future classes is evolving with the times.

Happily, Zoom works beautifully! And distant energy healings make classes available to students who do not live near Chicago, or those who prefer to limit contact at this time.

Please continue to check the calendar as I will update it regularly.
